Cecil Brooks

Dear Marcia, (Kim) May 2, 1956

Well, here we are at long last!! We've waited a long time to get in "this place". Doesn't seem possible that this wonderful year is almost over, does it? We'll soon no longer be "Sish", but big ole "Soph."

Marcy, we've really had a lot of fun together & I've enjoyed every minute of it. Remember all our little out of town journeys? HA! Also, the "long beautiful lane" in Adamsville? I'll never forget those.

I know we'll never forget our trip to Johnson City. That was a wonderful Sat. night and started something wonderful for me. Hope we can go back real soon.

Marcia, I want to wish you the best of luck with Wayne and all your other future "beaus".

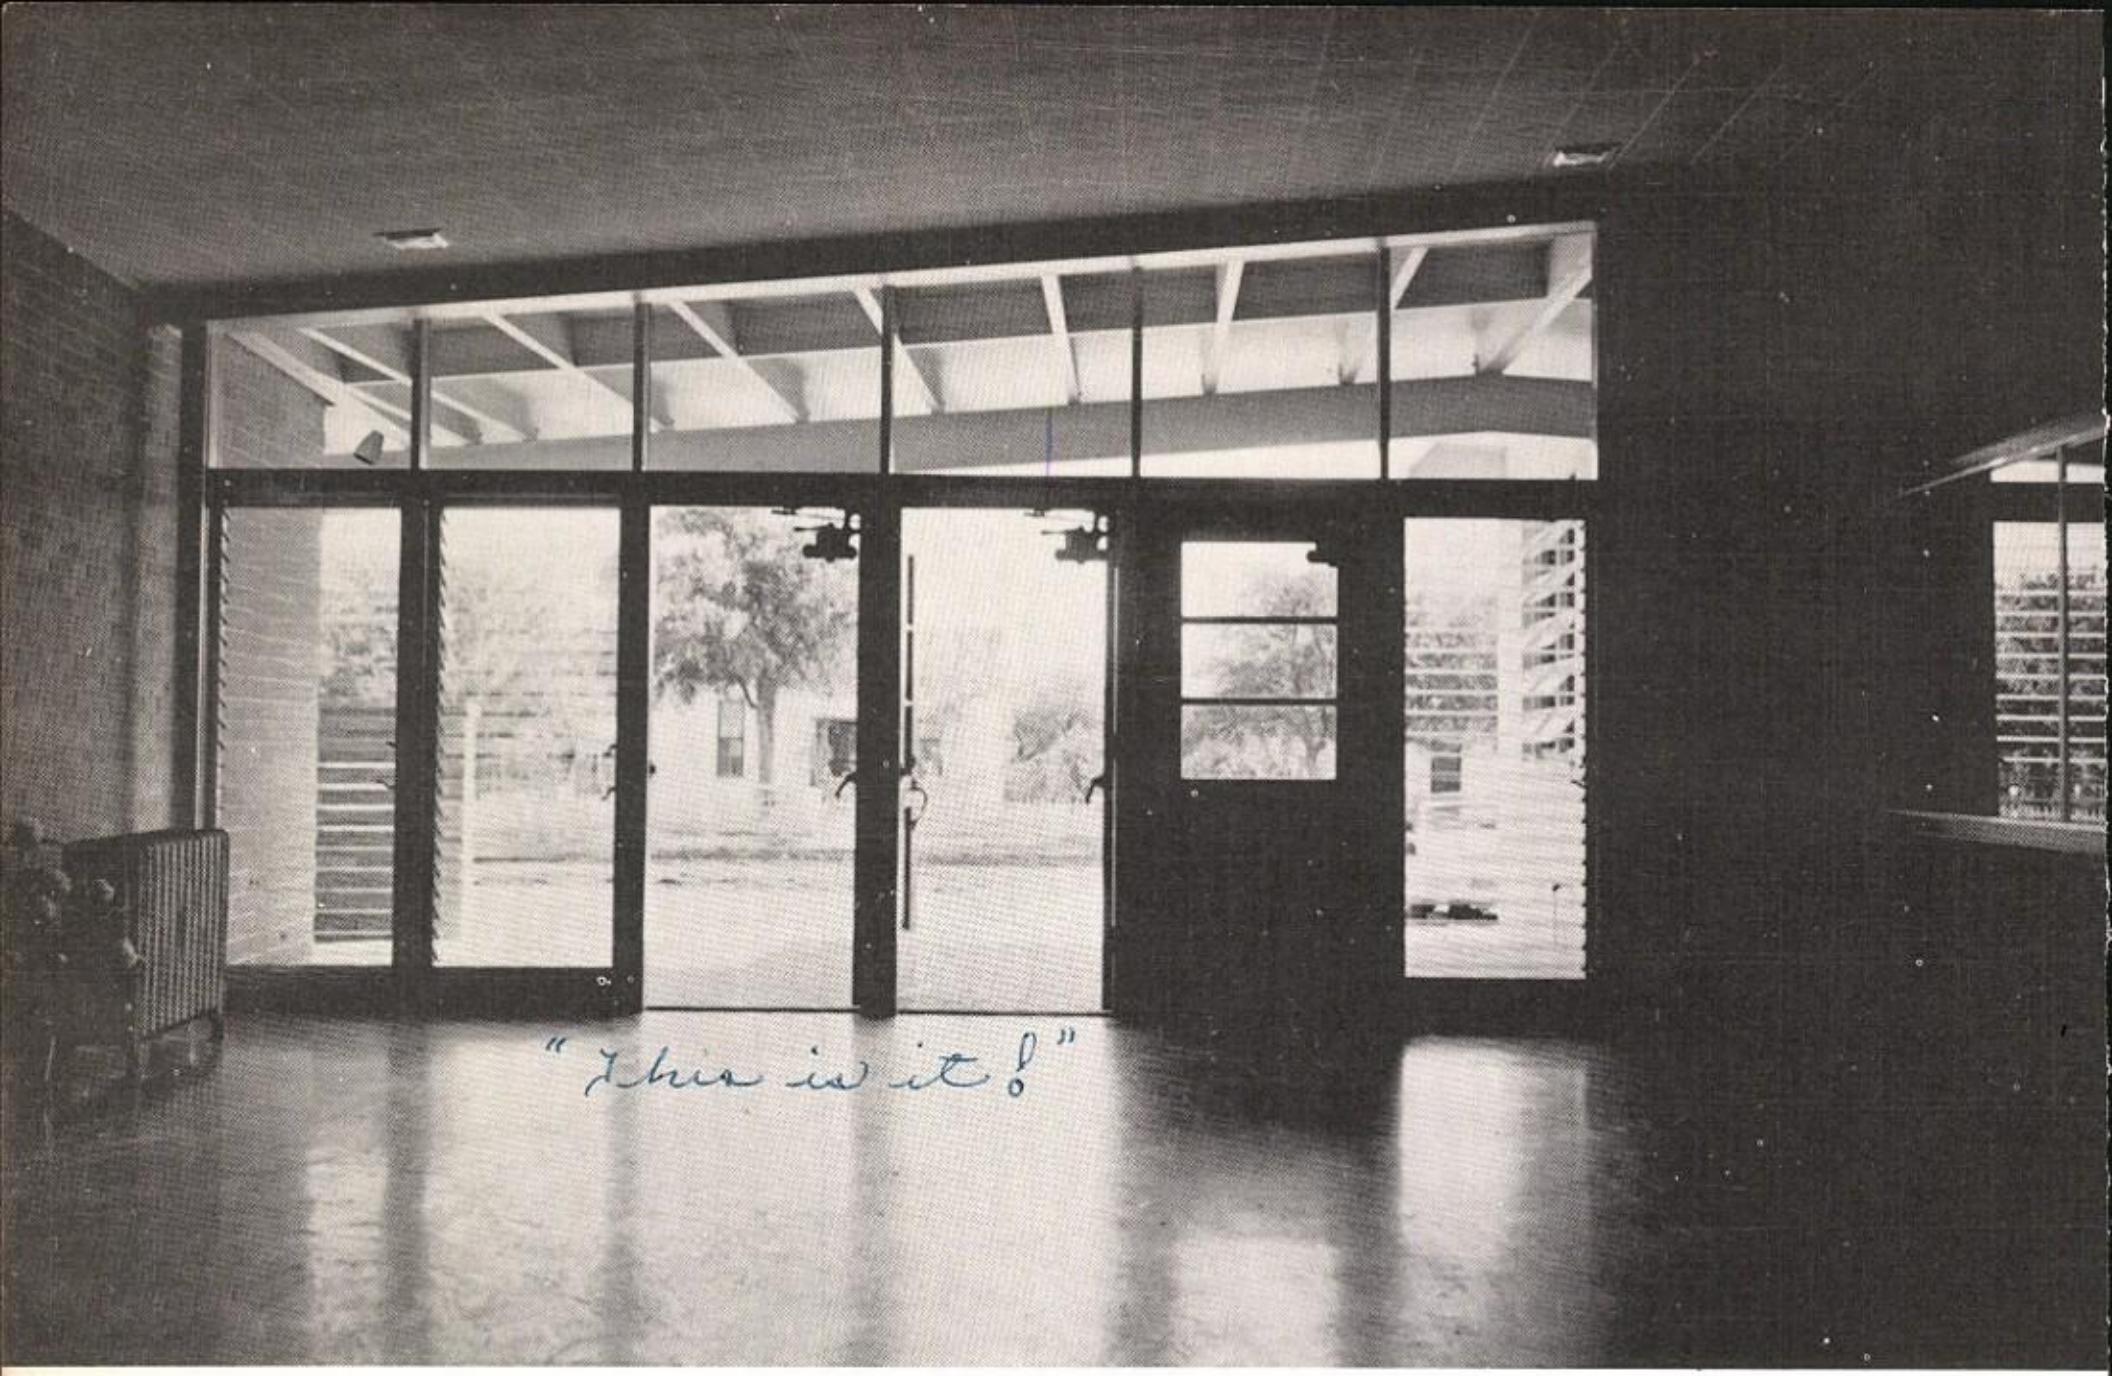
Remember last year when we stayed out home all time and listened to the radio? Dickie & W.M. always called. HA!

Well, Kid, lets really make the most out of our next three years and really live it up. Love, luck and happiness to one gisl in a million. Love ya

Martha

The Badger

1956



"LAMPASAS HIGH, TO YOU WE ARE PROUDLY SINGING." This year our school song rings more loudly than ever before, for, Lampasas High, we are truly proud of you. The old stone and ivy is now replaced by shining new brick and tile, and we, the students of 1955-1956, have been privileged in being the first to experience the beauty, convenience, opportunity, and enjoyment of the new building. Through these doors and down this corridor pass fortunate students entering and completing that wheel of education called High School. Our hearts and minds will remember you, L.H.S., for the physical, mental, and spiritual qualities you have instilled in each and every boy and girl.

From the halls of knowledge we pass to find moments of relaxation and entertainment in our new BADGER DEN. The Den provides a haven for study-worn students before school, during the lunch hour, and after school. The courtesy and friendliness of the owners, Mr. Delbert Martin, encourage students and adults to enter and enjoy the pleasant service and atmosphere.

"Let us admit it fairly as high school Seniors should;
We've had no end of lessons, and they've done us no end of good.
We entered as timid Freshmen, we leave as graduates bold,
And we find it hard to realize the knowledge our young heads hold.

We've had our foolish notions knocked higher than Franklin's kite;
Our minds have been made over, and we know it served us right.
We've spent four years in labor hard to prove the fact once more
That life is quite confused, and two and two are seldom four.

We're crammed to the brim with learning, and now we must turn it to use,
And if one of us is a failure, he hasn't a single excuse.
The more we work and the less we talk the better results we shall get,
For we've had four years of training; it may make us successes yet.
Let us admit it fairly as high school Seniors should;
We're proud of Lampasas High School; it's done us a lot of good."

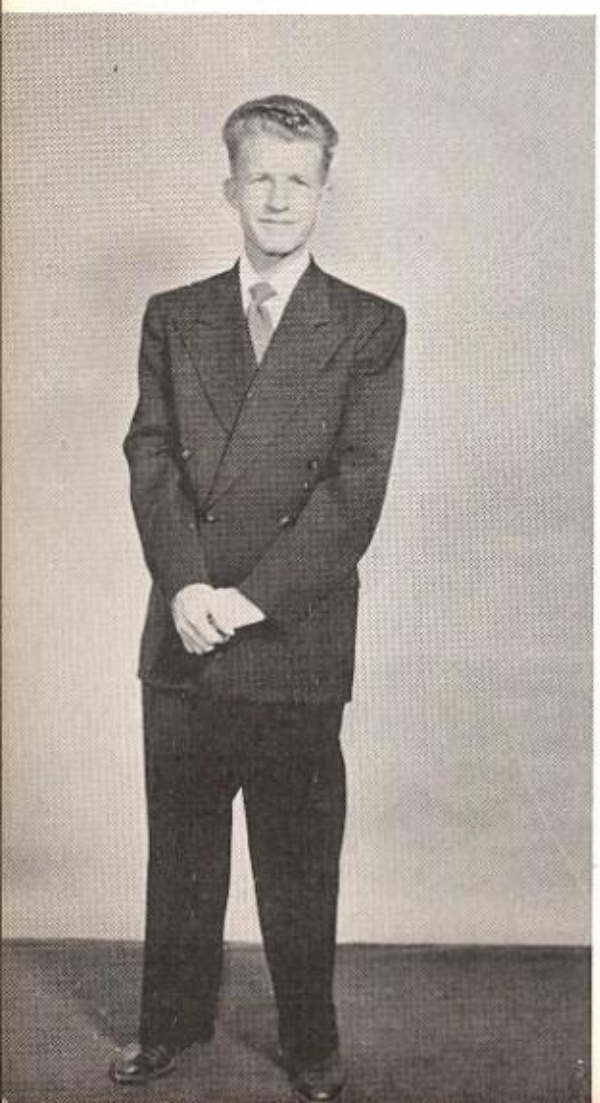
BADGER
BAND



Director, ZACK McFARLAND

The L. H. S. Band is an organization which is behind the Badgers all the way. It plays at all pep-rallies and football games, and performs at half-time at all ball games. It is an organization which develops young musicians and strives for cooperation and good performance of all students. Besides boosting the Badgers, it also participates in other activities; such as Battle of Flowers Parade in San Antonio; Band Day in Austin and Waco; Pre-Contest and Regional Contest in Waco. While preparing for these activities, the members combine work and play.

The Drama Workshop was organized this year in order to give those interested in dramatics and other speech activities a chance to develop their talents by appearing before dramatic groups as well as before the public.

As this was the first year of organization, the activities were quite limited, with main emphasis upon the one-act contest play and declamatory work.

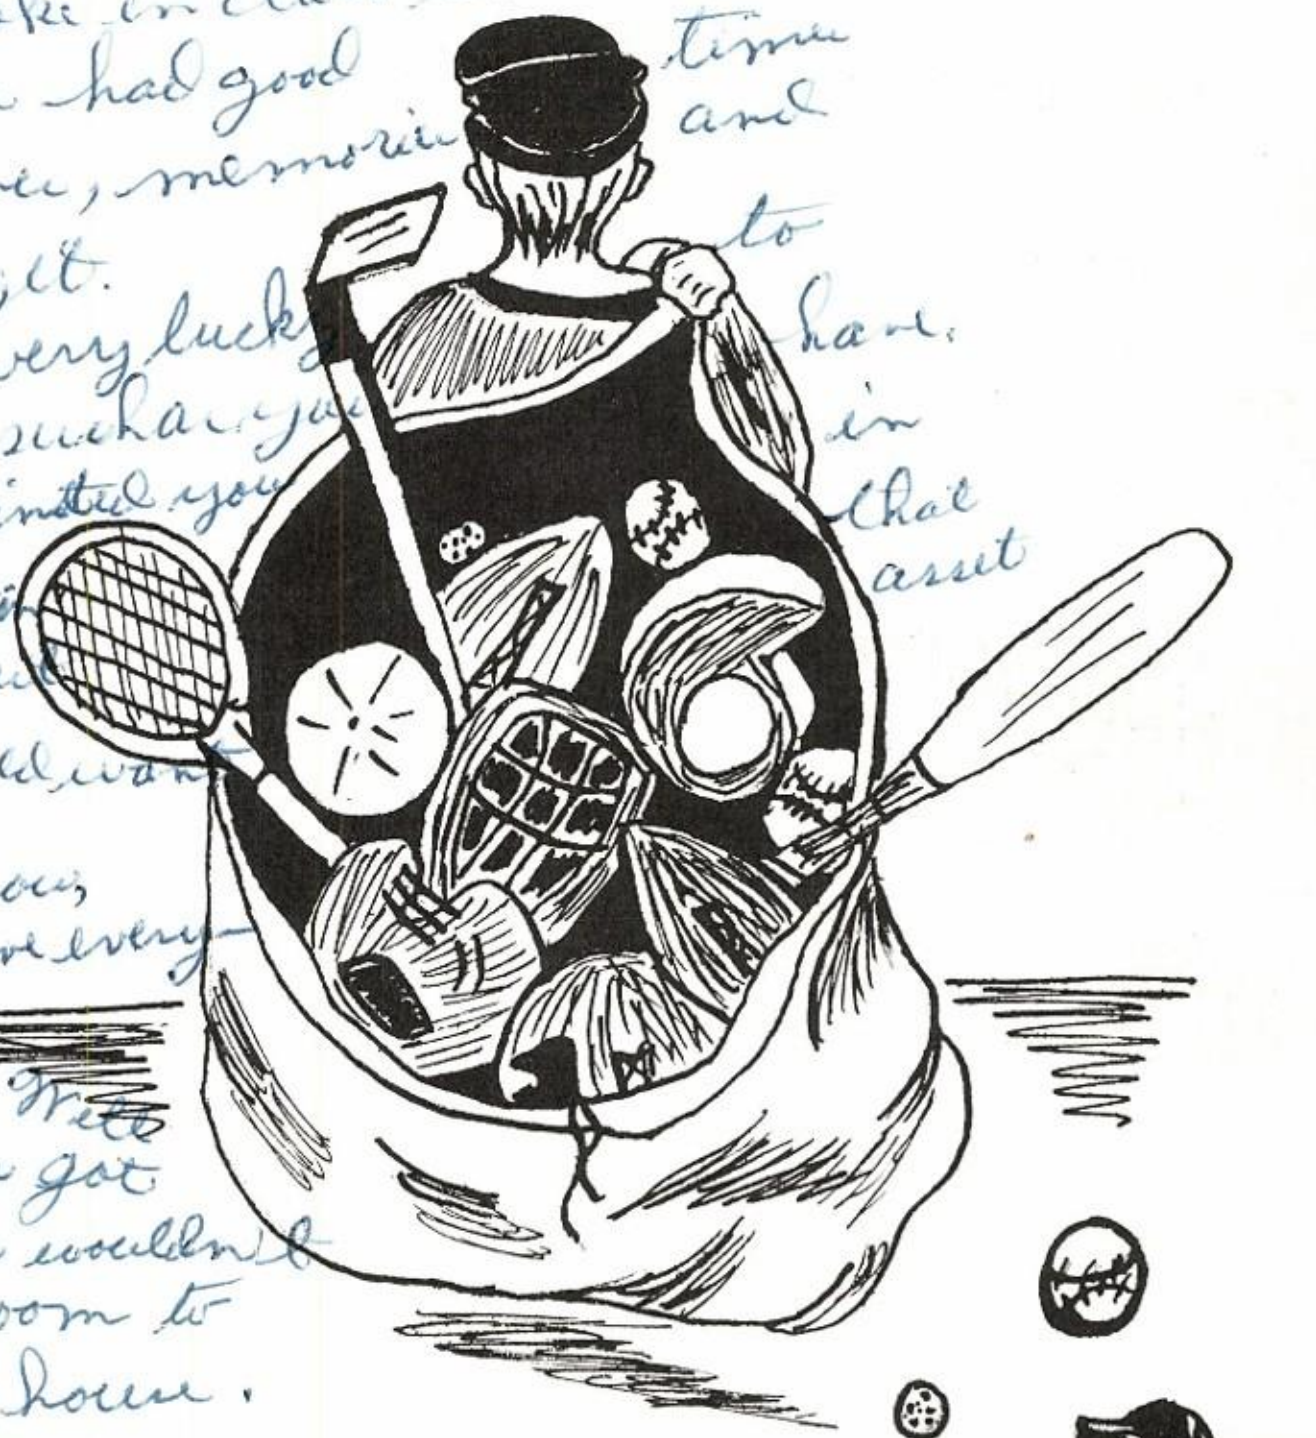
Dear Marcia

Well here it is the end of High School for me, and you have three of the best years of your life before you. You and I have had some wonderful times together, I never will forget the time I started going steady with Scott. I stayed awake the whole night. That may sound funny to you, but I had a terrible time staying awake in class the next day. We've had good times and bad times, memories and things to forget.



you are very lucky to have. I want such a you have pointed you the right direction in about the bu any person could want

Good luck to you, may you have everything you desire. Write almost. If you got everything you wouldn't have enough room to live in your house.

Be sweet

Dear Marcia

Well we finally got here, personally I thought we would never make it. Next year we will be big Soph. I hope we will have as much fun next year as we have had this year. I hope we will be as good friends all through high school as we are now. It's wonderful having a best friend I know I can come to you and tell you my problems. We have gone through so much together good and bad. These both of us will remember. I am looking forward very much to our trip this summer I know we will have fun.

I am so glad we both got in the X.F.X. and we were together when we got it. We will always remember that. It wouldn't have seemed right if you hadn't got in too. (or me)

We really had fun at my slumber party didn't we. Marcia I guess I'm used your house as my second home. I hope we will always be like sisters. This is all I have to say since I'm a woman of few words if I think of any thing else I'll say it to you.

We have been going to school together the last nine years. I think that you are a wounderful girl. We have had a lot of good times together. This last nine years have past sort of slowly. But the next three are going to pass very fast so lets make the most of them. I will always remember you in the G. M. class. We are going to have to double date together some time. I'll never forget the things we used to do. I hope that you don't forget them.
I want to wish you all of the good luck and happiness in the world.
